Career Objective:

Looking for a challenging role in a dynamic organization where I can apply my skills in Flutter development, REST API integration, and mobile app development to build reliable and user-friendly applications. I aim to contribute to the team's success while continuously learning new technologies and improving my software development skills.

Key Personal Strength

- Willing to take responsibility and complete tasks effectively.
- Strong analytical and problem-solving ability.
- Good time management with flexibility in different situations.
- Able to work in a team with clear communication and strong self-motivation.

Educational Qualifications

- M.Sc. in Computer Science (Software Engineering)
  American International University Bangladesh (AIUB)
  - CGPA: 3.51 out of 4.00

- B.Sc. in Computer Science and Engineering (CSE)- 2022
  American International University Bangladesh (AIUB)
  - CGPA: 3.34 out of 4.00

- HSC in Science- 2017
  Milestone College, Dhaka
  - GPA: 5.00 out of 5.00

- SSC in Science- 2015
  CDA Public School and College, Chattogram
  - GPA: 4.78 out of 5.00

Professional Experiences

Junior Flutter Developer

Softvence Delta | *Nov 2025 – Present*

- ✓ Developing cross-platform mobile applications using Flutter and Dart while following Clean Architecture principles with MVVM pattern.
- ✓ Designing and implementing scalable, maintainable, and modular app structures by separating UI, domain, and data layers
- ✓ Applying state management techniques to ensure predictable UI behavior and better performance.
- ✓ Collaborating with senior developers to learn best practices in clean code, state management, and app optimization.
- ✓ Actively improving problem-solving skills and adapting to real-world project requirements.

Technical Skills

Mobile Development	Flutter, Dart
State Management	Riverpod, BLoC
Backend & API	REST API Integration, WebSocket, Cloud Firebase (Authentication, Notifications)
Web	React.js, JavaScript, HTML, CSS
Database	MySQL, Firebase Firestore
Version Control	Git, GitHub

Notable Development Works

❖ **Foodie – Food Delivery Mobile Application**

Technologies: Flutter, Dart, flutter_bloc, REST API, http, Equatable

Description: A cross-platform food delivery app with user authentication, food browsing, and order management.

- Built a cross-platform food delivery app.
- Implemented REST API integration and state management.
- **Features:** User authentication, order management, responsive UI.

GitHub: https://github.com/Kazishayem/Foodie-App

❖ **Video Streaming Mobile App (Client Project)**

Technologies: Flutter, Dart, REST API, Dio, Riverpod

Description: A subscription-based video streaming app with role-based authentication, video upload, and Stripe payment

- Developed a video streaming app with subscription support.
- Implemented role-based authentication (Viewer & Creator).
- **Features:** Video upload, favorites, notifications, Stripe payment.

❖ **Iron Ready – Athlete Fitness & Recovery App (Client Project)**

Technologies: Flutter, Dart, Material UI, Responsive Layout, Figma to Flutter

Description: A fitness mobile app with 30+ pixel-perfect Flutter screens for workout plans, training tracking, and subscription features.

- Built a fitness app with 30+ pixel-perfect Flutter screens from Figma.
- **Features:** Sport selection, athlete dashboard, training & recovery UI.
- Implemented subscription and profile management UI.

Loom video (UI Walkthrough): https://www.loom.com/share/431364b7f8c24d3a903d6cce39a1aec2

❖ **E-commerce Shopping Mobile App (Client Project)**

Technologies: Flutter, Dart, Material UI, Responsive Layout, Figma to Flutter

Description: Developed a modern e-commerce mobile application UI using Flutter. The app allows users to browse products, view details, and manage their cart through a clean and responsive interface.

- Implemented a pixel-perfect e-commerce UI from design using Flutter.
- Developed product listing, product details, cart, and checkout screens.
- Built responsive layouts and reusable UI components for multiple screen sizes.
